

## Product Change Notice

PCN-160916

Notification Date: 16 Sep 2016

**No Recall Required**

**\*\*\* Implemented Change for RFoF Product Line \*\*\***

**PNs Affected:** RFoF Products which incorporate Optical Power Monitoring Parameter Scaling.

**Effective Dates of Advisory:** All 2016 Date Codes (Check with Factory for details.)

**Extent of Advisory:** (Attachments, if necessary): **Contact Factory.**

**This is a Routine Product Line Upgrade to Improve Compatibility and Ease of Use.**

Optical Power Monitoring Parameter Scaling is being changed from 1V/1mW to 100mV/1mW.

This change has already been implemented. If there are questions about the impact on Product Use, or Support Requirements, please contact the Factory.

**Mechanical Changes: No.**

No mechanical changes are involved.

**Compatibility: YES.**

There is partial Backward and Forward Compatibility among RFoF Products. Contact Factory.

**Reason for Upgrade: Routine.**

This Upgrade corrects any reported, known issues in the Optical Power Monitoring Parameter Scaling of RFoF Products and generally improves the efficiency of the RFoF Products..

**Detailed Instructions regarding Upgrade:**

Please contact Factory (Support - leave a message) at 818.780.9701 for technical assistance. Optical Zonu Corp. HQ time zone is PST (GMT-8).
